### **Footpath – Capel y Groes**

Mr Jason Lawday from Carmarthenshire County Council had visited the area. He stated:

“It is a double gate – the larger gate is locked, the small gate is not, so this isn’t an issue from a public right of way point of view as it is not preventing people from using the path. If the CC have an issue with the larger gate being locked, I would suggest that they have a chat with the owner, who seems quite friendly and public-spirited. The lock is quite small, so in the event of an emergency, the emergency services could easily remove it. If the CC have private access rights along the lane, and the locked gate is preventing this, then it would be a private matter between them and the neighbour.
